of the

BOARD *of* EDUCATION

of the City of

PLAINFIELD, NEW JERSEY

PUBLIC LIBRARY PLAINFIELD, N.J.

Year Ending June 30, 1931

BOARD OF EDUCATION**PLAINFIELD, N. J.**

Board of Education, Plainfield, New Jersey.

Gentlemen:

There are presented herewith the usual annual statistical reports of the school system. The increase of 144 in the average enrollment is slightly under the normal average.

The health record of the year, as measured by the prevalence of contagious disease, was considerably above the average. The Children's Relief Committee provided lunches for over two hundred pupils whose physical condition might have been affected by the prevalent economic conditions.

The general good health of the children was reflected in the average attendance of 93.8% which establishes a record of excellence since the inclusion of this item as a part of our statistical records.

The addition to the High School was ready for use at the beginning of the school year. The cafeteria has proved its need, furnishing facilities for preparing and serving of meals to the pupils. The new class and shop rooms have been used to capacity.

The biennial exhibit of the practical and fine arts department was especially fine from the standpoint of carefully executed workmanship and artistic results. It is without doubt, the best display which has ever been held in this system. The changes which have been gradually taking place in the art and hand work were well illustrated by greater variety in both types of work in the exhibit.

As a means of furnishing unemployment relief, the municipal government provided laborers and supervision to grade a considerable area of the high school athletic field. After the city funds were exhausted, the Board of Education appropriated \$1,000 to extend the work.

Respectfully submitted,

F. W. COOK,

Superintendent of Schools.
